

# Stock Primary School

## **PSHE, SRE and Drug and Alcohol Policy**

Date revised: June 2015

Date reviewed by the Curriculum Governing Body: 9th June 2015

Ratified by Full Governing Body:

Date to be reviewed: June 2017

## Introduction

All schools must provide a curriculum that is broadly based, balanced and meets the needs of all pupils. Under section 78 of the Education Act 2002 and the Academies Act 2010, a PSHE curriculum:

- Promotes the spiritual, moral, cultural, mental and physical development of pupils at the school and of society, and
- Prepares pupils at the school for the opportunities, responsibilities and experiences of later life.

The Government's PSHE education review of PSHE Education (March 2013) stated that the subject would remain non-statutory and that no new programmes of study would be published. The DfE specified as part of its National Curriculum guidance that 'All schools should make provision for personal, social, health and economic education (PSHE), drawing on good practice'. The review also detailed:

*"PSHE remains an important and necessary part of all pupils' education. We believe that all schools should teach PSHE, drawing on good practice, and have outlined this expectation in the introduction to the new National Curriculum"*  
(Written Ministerial Statement: Review of Personal, Social, Health and Economic education, March 2013).

At Stock CofE Primary School our PSHE provision and planning is guided by JIGSAW. Both this scheme of work (JIGSAW) and our PSHE policy are informed by existing DfE guidance on **Sex and Relationships Education** (Sex and Relationship Education Guidance, July 2000), **preventing and tackling bullying** (Preventing and tackling bullying: Advice for head teachers, staff and governing bodies, July 2013), **Drug and Alcohol Education** (DfE and ACPO drug advice for schools: Advice for local authorities, headteachers, school staff and governing bodies, September 2012), **safeguarding** (Working Together to Safeguard Children: A guide to inter-agency working to safeguard and promote the welfare of children, March 2013) and **equality** (Equality Act 2010: Advice for school leaders, school staff, governing bodies and local authorities, revised February 2013).

### **Aims of Jigsaw PSHE**

To provide pupils with the knowledge, understanding, attitudes, values and skills they need in order to reach their potential as individuals and within the community.

Pupils are encouraged to take part in a wide range of activities and experiences across and beyond the curriculum, contributing fully to the life of their school and communities. In doing so they learn to recognise their own worth, work well with others and become increasingly responsible for their own learning. They reflect on their experiences and understand how they are developing personally and socially, tackling many of the spiritual, moral, social and cultural issues that are part of growing up.

They learn to understand and respect our common humanity; diversity and differences so that they can go on to form the effective, fulfilling relationships that are an essential part of life and learning.

### **Objectives/Pupil learning intentions:**

Jigsaw PSHE supports the development of the skills, attitudes, values and behaviour, which enable pupils to:

- Have a sense of purpose
- Value self and others
- Form relationships
- Make and act on informed decisions
- Communicate effectively
- Work with others
- Respond to challenge
- Be an active partner in their own learning
- Be active citizens within the local community
- Explore issues related to living in a democratic society
- Become healthy and fulfilled individuals

All areas of PSHE are covered as shown in the table below:

Term	Puzzle name	Content
<b>Autumn 1:</b>	Being Me in My World	Includes understanding my place in the class, school and global community as well as devising Learning Charters)
<b>Autumn 2:</b>	Celebrating Difference	Includes anti-bullying (cyber and homophobic bullying included) and diversity work
<b>Spring 1:</b>	Dreams and Goals	Includes goal-setting, aspirations, working together to design and organise fund-raising events
<b>Spring 2:</b>	Healthy Me	Includes drugs and alcohol education, self-esteem and confidence as well as healthy lifestyle choices

<b>Summer 1:</b>	Relationships	Includes understanding friendship, family and other relationships, conflict resolution and communication skills
<b>Summer 2:</b>	Changing Me	Includes Sex and Relationship Education in the context of looking at change

### **Sex and Relationships Education**

*'SRE is lifelong learning process of acquiring information, developing skills and forming positive beliefs and attitudes about sex, sexuality, relationships and feelings'* (Sex Education Forum, 1999).

Effective SRE can make a significant contribution to the development of the personal skills needed by pupils if they are to establish and maintain relationships. It also enables children and young people to make responsible and informed decisions about their health and well-being.

The sex education contained in National Curriculum science is compulsory. All state-funded schools must have 'due regard' to the Secretary of State's guidance on SRE (DfEE, 2000). This states that:

- 'All children, including those who develop earlier than average, need to know about puberty before they experience the onset of physical changes' (1.13)
- Children should learn 'how a baby is conceived and born' before they leave primary school (1.16)

SRE plays a very important part in fulfilling the statutory duties all schools have to meet. SRE helps children understand the difference between safe and abusive relationships and equips them with the skills to get help if they need it. State-funded schools have responsibilities for safeguarding and a legal duty to promote pupil well-being (Education and Inspections Act 2006 Section 38).

The grid below shows specific SRE learning intentions for each year group through JIGSAW 'Changing Me'.

<b>Year Group</b>	<b>Piece Number and Name</b>	<b>Learning Intentions 'Pupils will be able to...'</b>
1	Piece 4 Boys' and Girls' Bodies	identify the parts of the body that make boys different to girls and use the correct names for these: penis, testicles, vagina  respect my body and understand which parts are private

2	Piece 4 Boys' and Girls' Bodies	<p>recognise the physical differences between boys and girls, use the correct names for parts of the body (penis, testicles, vagina) and appreciate that some parts of my body are private</p> <p>tell you what I like/don't like about being a boy/girl</p>
3	Piece 1 How Babies Grow	<p>understand that in animals and humans lots of changes happen between conception and growing up, and that usually it is the female who has the baby</p> <p>express how I feel when I see babies or baby animals</p>
	Piece 2 Babies	<p>understand how babies grow and develop in the mother's uterus and understand what a baby needs to live and grow</p> <p>express how I might feel if I had a new baby in my family</p>
	Piece 3 Outside Body Changes	<p>understand that boys' and girls' bodies need to change so that when they grow up their bodies can make babies</p> <p>identify how boys' and girls' bodies change on the outside during this growing up process</p> <p>recognise how I feel about these changes happening to me and know how to cope with those feelings</p>
	Piece 4 Inside Body Changes	<p>identify how boys' and girls' bodies change on the inside during the growing up process and why these changes are necessary so that their bodies can make babies when they grow up</p> <p>recognise how I feel about these changes happening to me and how to cope with these feelings</p>
4	Piece 2 Having A Baby	<p>correctly label the internal and external parts of male and female bodies that are necessary for making a baby</p> <p>understand that having a baby is a personal choice and express how I feel about having children when I am an adult</p>
	Piece 3 Girls and Puberty	<p>describe how a girl's body changes in order for her to be able to have babies when she is an adult, and that menstruation (having periods) is a natural part of this</p> <p>know that I have strategies to help me cope with the physical and emotional changes I will experience during puberty</p>

5	Piece 2 Puberty for Girls	<p>explain how a girl's body changes during puberty and understand the importance of looking after myself physically and emotionally</p> <p>understand that puberty is a natural process that happens to everybody and that it will be OK for me</p>
	Piece 3 Puberty for Boys and Girls	<p>describe how boys' and girls' bodies change during puberty</p> <p>express how I feel about the changes that will happen to me during puberty</p>
	Piece 4 Conception	<p>understand that sexual intercourse can lead to conception and that is how babies are usually made</p> <p>understand that sometimes people need IVF to help them have a baby</p> <p>appreciate how amazing it is that human bodies can reproduce in these ways</p>
6	Piece 2 Puberty	<p>explain how girls' and boys' bodies change during puberty and understand the importance of looking after myself physically and emotionally</p> <p>express how I feel about the changes that will happen to me during puberty</p>
	Piece 3 Girl Talk/Boy Talk	<p>ask the questions I need answered about changes during puberty</p> <p>reflect on how I feel about asking the questions and about the answers I receive</p>
	Piece 4 Babies – Conception to Birth	<p>describe how a baby develops from conception through the nine months of pregnancy, and how it is born</p> <p>recognise how I feel when I reflect on the development and birth of a baby</p>
	Piece 5 Attraction	<p>understand how being physically attracted to someone changes the nature of the relationship</p> <p>express how I feel about the growing independence of becoming a teenager and am confident that I can cope with this</p>

Parents/carers can ask to see or discuss our SRE policy at any time. They have the right to withdraw their children from all or part of the Sex and Relationships Education provided at school except for those parts included in statutory National Curriculum

Science. Those parents/carers wishing to exercise this right are invited in to see the head teacher who will explore any concerns and discuss any impact that withdrawal may have on the child. Once a child has been withdrawn they cannot take part in the SRE programme until the request for withdrawal has been removed.

Parents should also be aware that schools are legally required to provide a broad and balanced curriculum. Sex and relationships topics can arise incidentally in other subjects and it is not possible to withdraw pupils from these relatively limited and often unplanned discussions.

### **Drug and Alcohol Education**

Definition of 'Drugs':

This policy uses the definition that a drug is: 'A substance people take to change the way they feel, think or behave' (United Nations Office on Drugs and Crime). The term 'Drugs' includes

- All illegal drugs
- All legal drugs including alcohol, tobacco and volatile substances which can be inhaled
- All over-the-counter and prescription medicines

Effective Drug and Alcohol Education can make a significant contribution to the development of the personal skills needed by pupils as they grow up. It also enables young people to make responsible and informed decisions about their health and well-being.

### **Moral and Values Framework**

The Drug and Alcohol Education programme at our school reflects the school ethos and demonstrates and encourages the following values. For example:

- Respect for self
- Respect for others
- Responsibility for their own actions
- Responsibility for their family, friends, schools and wider community

### **Jigsaw Drug and Alcohol Education Content**

The grid below shows specific Drug and Alcohol Education learning intentions for each year group through JIGSAW 'Healthy Me'.

<b>Year Group</b>	<b>Piece Number and Name</b>	<b>Learning Intentions 'Pupils will be able to...'</b>
2	Piece 3 Medicine Safety	understand how medicines work in my body and how important it is to use them safely  feel positive about caring for my body and keeping it healthy

3	Piece 3 What Do I Know About Drugs?	tell you my knowledge and attitude towards drugs identify how I feel towards drugs
4	Piece 3 Smoking	understand the facts about smoking and its effects on health, and also some of the reasons some people start to smoke  can relate to feelings of shame and guilt and know how to act assertively to resist pressure from myself and others
	Piece 4 Alcohol	understand the facts about alcohol and its effects on health, particularly the liver, and also some of the reasons some people drink alcohol  can relate to feelings of shame and guilt and know how to act assertively to resist pressure from myself and others
5	Piece 1 Smoking	know the health risks of smoking and can tell you how tobacco affects the lungs, liver and heart  make an informed decision about whether or not I choose to smoke and know how to resist pressure
	Piece 2 Alcohol	know some of the risks with misusing alcohol, including anti-social behaviour, and how it affects the liver and heart  make an informed decision about whether or not I choose to drink alcohol and know how to resist pressure
6	Piece 2 Drugs	know about different types of drugs and their uses and their effects on the body particularly the liver and heart  be motivated to find ways to be happy and cope with life's situations without using drugs
	Piece 3 Alcohol	evaluate when alcohol is being used responsibly, anti-socially or being misused tell you how I feel about using alcohol when I am older and my reasons for this

### How is Jigsaw PSHE organised in school?

Jigsaw brings together PSHE Education, emotional literacy, social skills and spiritual development in a comprehensive scheme of learning. Teaching strategies are varied and are mindful of preferred learning styles and the need for differentiation. Jigsaw is designed as a whole school approach, with all year groups working on the same theme (Puzzle) at the same time. This enables each Puzzle to start with an introductory assembly led by the Headteacher or a member of the Senior Leadership Team at the

beginning of each half term, generating a whole school focus for adults and children alike.

There are six Puzzles in Jigsaw that are designed to progress in sequence from September to July. Each Puzzle has six Pieces (lessons) which work towards an 'end product', for example, The School Learning Charter or The Garden of Dreams and Goals.

Each Piece has two Learning Intentions: one is based on specific PSHE learning (covering the non-statutory national framework for PSHE Education but enhanced to address children's needs today); and one is based on emotional literacy and social skills (covering the SEAL learning intentions but also enhanced). The enhancements mean that Jigsaw is relevant to children living in today's world as it helps them understand and be equipped to cope with issues like body image, cyber and homophobic bullying, and internet safety.

Every Piece (lesson) contributes to at least one of these aspects of children's development. This is mapped on each Piece and balanced across each year group.

### **Differentiation/SEN**

Jigsaw is written as a universal core curriculum provision for all children. Inclusivity is part of its philosophy. Teachers will need, as always, to tailor each Piece to meet the needs of the children in their classes. To support this differentiation, many Jigsaw Pieces suggest creative learning activities that allow children to choose the media with which they work and give them scope to work to their full potential. To further help teachers differentiate for children in their classes with special educational needs, each Puzzle includes a P-level grid with suggested activities for children working at each of those levels.

### **Safeguarding**

Teachers need to be aware that sometimes disclosures may be made during these sessions; in which case, safeguarding procedures must be followed immediately. Sometimes it is clear that certain children may need time to talk one-to-one after the circle closes. It is important to allow the time and appropriate staffing for this to happen. If disclosures occur, the school's Child Protection Policy is followed.

### **The Attainment Descriptors**

There are no national level descriptors for PSHE. The attainment descriptors used are specific to Jigsaw and to year groups. They are designed to give guidance when considering each child's learning journey.

The Jigsaw philosophy is that children are praised and their achievements celebrated in every Piece. It demands a positive relationship between the teacher and the children which, in itself, values and celebrates each individual. Appropriate time is allocated for this process.

### **Monitoring and evaluation**

The PSHE co-ordinator will monitor delivery of the programme through observation and discussion with teaching staff to ensure consistent and coherent curriculum provision.

Evaluation of the programme's effectiveness will be conducted on the basis of:

- Pupil and teacher evaluation of the content and learning processes
- Staff meetings to review and share experience

### **External contributors**

External contributors from the community, e.g. health promotion specialists, school nurses, and community police and fire officers, make a valuable contribution to the Jigsaw PSHE programme. Their input is carefully planned and monitored so as to fit into and complement the programme.

Teachers are always present during these sessions and remain responsible for the delivery of the Jigsaw PSHE programme.

### **The Learning Environment**

Establishing a safe, open and positive learning environment based on trusting relationships between all members of the class, adults and children alike, is vital. To enable this, it is important that 'ground rules' are agreed and owned at the beginning of the year and are reinforced in every Piece – by using The Jigsaw Charter. (Teachers and children will devise their own Jigsaw Charter at the beginning of the year so that they have ownership of it.) It needs to include the aspects below:

The Jigsaw Charter

- We take turns to speak
- We use kind and positive words
- We listen to each other
- We have the right to pass
- We only use names when giving compliments or when being positive
- We respect each other's privacy (confidentiality)

### **Teaching Sensitive and Controversial Issues**

Sensitive and controversial issues are certain to arise in learning from real-life experience. Teachers are prepared to handle personal issues arising from the work, to deal sensitively with, and to follow up appropriately, disclosures made in a group or individual setting. Issues that we address that are likely to be sensitive and controversial because they have a political, social or personal impact or deal with values and beliefs include: family lifestyles and values, physical and medical issues, financial issues, bullying and bereavement.

Teachers take all reasonable, practical steps to ensure that, where political or controversial issues are brought to pupils' attention, they are offered a balanced presentation of opposing views. Teachers adopt strategies that seek to avoid bias on their part and will teach pupils how to recognise bias and evaluate evidence. Teachers seek to establish a classroom climate in which all pupils are free from any fear of expressing reasonable points of view that contradict those held either by their class teachers or their peers.

### **Answering Difficult Questions and Sensitive Issues**

Staff members are aware that views around SRE- and Drug and Alcohol Education-related issues are varied. However, while personal views are respected, all SRE and Drug and Alcohol Education issues are taught without bias using Jigsaw. Topics are presented using a variety of views and beliefs so that pupils are able to form their own, informed opinions but also respect that others have the right to a different opinion.

Both formal and informal SRE and Drug and Alcohol Education arising from pupils' questions are answered according to the age and maturity of the pupil(s) concerned. Questions do not have to be answered directly, and can be addressed individually later. We believe that individual teachers must use their skill and discretion in this area and refer to the Headteacher or Deputy Head Teacher, in their capacity as Designated Child Protection Officers, if they are concerned.

We believe that SRE and Drug and Alcohol Education should meet the needs of all pupils, answer appropriate questions and offer support. In Jigsaw Pieces that cover SRE provision, this should be regardless of their developing sexuality and be able to deal honestly and sensitively with sexual orientation, answer appropriate questions and offer support. Homophobic bullying is dealt with strongly yet sensitively. The school liaises with parents/carers on this issue to reassure them of the content and context.

### **Links to other policies and curriculum areas**

We recognise the clear link between Jigsaw PSHE and the following policies and staff are aware of the need to refer to these policies when appropriate.

- Science curriculum
- Teaching and Learning Policy
- Equal Opportunities Policy
- Child Protection Policy

### **Training and support for staff**

All staff have had Jigsaw PSHE training in order to enhance their PSHE delivery skills. Opportunities are provided for all staff to identify individual training needs on a regular basis and relevant support is provided.

### **Dissemination**

This policy is available on our school website where it can be accessed by the community. Training is regularly delivered to staff on the policy content. Copies are available from the school office on request from parents/carers.

### **Confidentiality and Child Protection Issues**

As a general rule a child's confidentiality is maintained by the teacher or member of staff concerned. If this person believes that the child is at risk or in danger, she/he will talk to the Headteacher or Deputy Head teacher who are responsible for Child Protection issues. The child concerned will be informed that confidentiality is being breached and reasons why. The child will be supported by the teacher throughout the process.
